SENIORS IN TRANSITION

Most Seniors interviewed found Libbey fun and interesting. Over the past four years, Pat Commander became wiser and more mature. Angie Garza became more involved in activities, and Michael Martin learned to depend on himself. Many seniors came to realize how important school is and what benefits can be derived from an education.

There was a big push for improving attendance this year. The percentage of each class in attendance was tallied everyday. The class with the highest attendance was treated to a movie. Many seniors were influenced by this incentive and made an effort to improve their own attendance.

There have been some major improvements at Libbey including rejuvenation of the auditorium with new curtains and seats.

FRESHMAN CLASS OFFICERS

Cathy Long — Vice Pres., James Kynard — Pres., Gwen Steele — Treas., Katina Retzloff — Sec'y.

It's the NEW Style — OLD is New!

The new style is "old" but "NEW!" Through the past couple of years, many styles have reemerged from the 50's, 60's, and 70's. Not only clothing styles, but also a few hair styles and music as well.

If you haven't noticed, the clothing styles of yesterday are back! A few of these styles include: pedal pushers (now known as cropped pants), snug fitting skirts (now called tube skirts), mini-skirts, turtlenecks, brooches, loop earrings, and big belts.

Then again, there are many styles today that were never even thought of long ago. Some of these styles include: bright neon shirts, big earrings, oversized clothes, lace, gold and silver, and two-tone jeans.

You could dust off your mother's penny loafers, saddle oxfords, flats, and pumps and still be in style, but you would never find Reeboks, Adidas, Fila, Balloons, or Air Jordans in the attic. Who would have thought of names like that years ago?

The hairdos of today are much more unique than those of yesterday. For instance, in the past, there was the bouffant, petals, and beehive. Today, you see punk, spiked, and the wet look. Long hair and bows are also back!

Today's music is also different, but a few of the "oldies but goodies" have returned. For example, New Edition brought back the song "Earth Angel." "Stand By Me" was released by its original singer, Ben E. King, and "You Send Me" was also rerecorded by its original singers — The Manhattans. Many individuals from past years such as Diana Ross, Lionel Richie, Gladys Knight, Aretha Franklin, Stevie Wonder and Tina Turner are recording big hits today. Whitney Houston, Janet Jackson, Phil Collins, and Billy Ocean are also making the charts with their greatest hits.

What were the Stroll, the Pony, the Mashed Potato, and the Twist? They are not what they seem to be. They are all dances that were popular some years ago. Today you would Wiggle or Surf!

Even though the styles of clothes, hair, music, and dance have changed through the 50's, 60's, and 70's, the "Good Old Days" will never be forgotten, and the days of the 80's will always be remembered.

BON VOYAGE MADAME THOMPSON

Mrs. Ruth B. Thompson, a 20-year veteran of Libbey's English Department, was born in East Rochester, New York, and moved to Toledo in 1934.

She attended Devilbiss High School, then graduated from Scott High School. She also graduated from Davis Business College. After working as a secretary and a bookkeeper, she decided to change careers and attended the University of Toledo, where she earned her Bachelor's and Master's Degrees.

She chose Libbey as a teaching assignment because of its location which gave her easy access to her home. Although she taught at Bowsher for her internship, she liked Libbey best.

After she leaves us, she will live with her two grandchildren. In her spare time, she will knit, read, play a little golf, and create beautiful ceramics. However, the main thing she looks forward to is travelling to New Zealand and Australia with Mrs. Grolle in the Fall of 1987. One island that they will be visiting is Fíjí, and French is spoken there. Fortunately for her, she has been studying French for a couple of years. It's her favorite language besides English.

I have my lunch, go get your own.

This is lunch?

Freshman Basketball

The 1986-87 Freshman Basketball team had a successful season, finishing with a 9-6 record.

The high point of the season came in the Lorain Invitational Tournament with wins over previously unbeaten Lorain Southview and host, Admiral King, in overtime. Lamar Smith set a new three-game scoring record in Lorain with 77 points.

John White showed his potential by personally outscoring Woodward 34-25. Davon Hill had his best game in the clutch against King. Marquis Fox was the most improved player on the squad with his best games against Bowsher and DeVilbiss. Rich Gill and James Kynard were defensive specialists as Dwayne Witcher became famous for a new statistical category-assist off the rebound. James Smith was a force in the pit and Elmore Sturdivant worked hard all season.

While much improvement is still to come, this is a group with great potential for the future.
